JAC JS2 PRO

Your ideal first city SUV.

READY FOR ANYTHING.

Choose Your Color.

Black

Red

Silver

White

As JAC's most popular compact SUV, it has successfully withstood the rigorous test of users around the world. We have redesigned the interior and exterior of JS2 PRO to enhance its appeal, intelligence and affordability. It is an ideal SUV for young drivers.

NEW LOOK THAT CATCHES THE EYES.

New look, new feeling.

It is distinguished by its compact and aerodynamic design, with smooth lines giving it a modern and dynamic appearance. Its short, vertical tail, together with a tailgate opening that rises with the rear window, allows passengers to easily access the cargo space.

Space and comfort guaranteed.

The spacious and versatile cabin provides comfort for all passengers, with flexible design that allows the seats to be configured to suit individual needs while providing ample cargo space. This ensures a satisfying driving experience for both long journeys and daily commutes.

Automatic LED headlights with Follow Me Home function.

The Follow Me Home function allows the headlights to remain on for a period after the car is locked, and uses LED technology to provide better illumination when the driver leaves the car, improving visibility and safety when walking to the destination.

Exterior mirror heated & electrically adjustable.

While sitting in the car, you can adjust the direction and height of the rearview mirror with just one button press, ensuring a clear rear view.

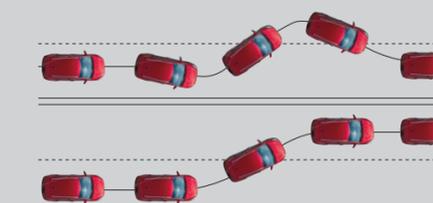

HBA, BOS, ABS and EBD braking system.

An efficient braking system can bring the vehicle to a quick and controlled stop, reducing the risk of collisions and accidents, ensuring safety at all times.

CarPlay&Android Auto.

It allows you to use your phone smartly and safely while driving. You can use navigation, make calls, and listen to your favorite songs. All of this is integrated into the central console display.

ESC Electronic Stability Control.

Rear Parking Sensor +Reversing Video Images.

HAC Hill Start Assist Control.

FOUR AIRBAGS ARE STANDARD.
