

EXTERIOR

Beyond Elegance

Striking Design

A starry sky-inspired grille with a borderless design, complemented by planetary trajectory-inspired daytime running lights and a matrix-style LED headlight layout.

SPECIFICATIONS

Standard ● Available ○ Not Available —

Category	Item	Value	Category	Item	Value
Basic Information	Pure electric endurance	120km (NEDC)	Glass & Rearview Mirror	One-touch up & down driver's window	●
	Combined endurance	1150 km (NEDC)		Exterior mirror calefaction	●
	Seating capacity	5		Exterior mirror automatic folding upon locking vehicle	●
Dimensions	Overall Dimensions (L × W × H, mm)	4605*1890*1700	Interior Equipment	Automatic front wiper	●
	Wheelbase(mm)	2720		Front windshield heating	○
	GVW (kg)	2170		Nozzle heating	○
	Curb weight (kg)	1765		Front windshield soundproof glass	●
	Luggage compartment capacity (L)	455-1146L		Front side soundproof glass	●
	Fuel tank (L)	54		Interior color	Black
Powtrain	Engine model	F31A	Seats	Driver seat sun visor mirror with lamp	●
	Fuel type	Gasoline		Co-river seat sun visor mirror with lamp	●
	Displacement (cc)	1500		Multifunction steering wheel with infotainment controls	●
	Max power(kW)	81		Leather coated and multifunctional steering wheel	●
	Max torque (N·m)	135		Heated steering wheel	○
	Maximum power of motor (kW)	150		Seat material	Leather
	Maximum torque of motor (Nm)	300		Electric driver seat	6
Battery System	Emission	Euro V, Euro VI	Electric front passenger seat	4	
	Transmission	DHT	4-Way power lumbar support (Driver)	●	
	Max speed (km/h)	178	Safety Equipment	Driver airbag	●
	0 to 100km/h acceleration time	7.3 S		Front passenger airbag	●
	Maximum gradeability(%)	30		Front seats side airbags	●
	Battery capacity (kWh)	21.68 (Ternary lithium battery)		Side air-curtain	●
Battery cooling	Liquid cooling temperature control, IP68	Child Restraint System(ISOFIX)		●	
AC charging	GB/T 6.6Kw 3.5h (at room temperature, 20% -100% SOC);	Antilock Braking System (ABS)+Electronic Brake force Distribution (EBD)		●	
Chassis & Steering	DC charging	GB/T 26 kw 26 minutes (at room temperature, 30% -80% SOC)	Multimedia configuration	Electronic Stability Control(ESC)	●
	Battery Monitoring System (T-Box)	●		360° panoramic images	●
	Front suspension	Mcpherson independent suspension		Bluetooth phone	●
	Rear suspension	Multi-link independent suspension		Smart phone connectivity	Carplay +AndroidAuto (Wireless)
	Steering	Electric power steering		Wireless charging of mobile phone	●(15W)
Wheel & Brake	Electrical power steering with force adjustment	●	High-technology collocation	Speakers	8
	Driving mode selection(Eco-Comfort-Sport)	ECO, Normal, Sports		Cruise Control System (CCS)	●
	Power mode selectio	EV, HEV, EVmax		Adaptive Cruise Control (ACC)	●
	Front brake	Disc		Integrated Cruise Assist (ICA)	●
	Rear brake	Disc		Automatic Emergency Brake System (AEB)	●
	Parking brake	Electric power		Lane Departure Warning (LDW)	●
Exterior Equipment	Tire size	235/50 R19	Lane Keeping System (LKA)	●	
	Tire material	Aluminum	Frontal Collision Warning (FCW)	●	
	Spare tire type	○	Rear Collision Warning (RCW)	●	
	Panoramic sunroof	●	Rear Cross Traffic Alert (RCTA)	●	
Lighting Collocation	Electric tail gate	●	Door Open Warning (DOW)	●	
	Easy open trunk	●	Blind Spot Monitoring (BSM)	●	
	LED headlamps	●	High Beam Assist (HBA)	●	
	Daytime running lights	●	Samrt key	2 (Remote control vehicle start)	

JS6 PHEV

Maximize Your Miles

It marks the beginning of a new era in driving by combining style, performance, and environmental friendliness. The JS6 PHEV is the ideal choice for a hybrid SUV, whether you're on a short journey or a road trip.

PERFORMANCE

Beyond Miles

- Fuel consumption in hybrid mode (under low battery conditions): 5.3L/100km.
- Electric energy consumption in EV mode: 16kWh/100km.
- Outstanding performance: Accelerates from 0–100 km/h in just 7.3 seconds.
- Fast and Efficient Charging: Supports DC fast charging, taking the battery from 30% to 80% in just 26 minutes.

SAFETY

Beyond Protection

6-Airbag System

Provides comprehensive protection for all occupants, significantly reducing the risk of injury.

Advanced Seat Belt System

Equipped with three-point seat belts, featuring pre-tensioning and load-limiting functions to minimize injuries during impact.

Rigorous Safety Testing

The battery has passed comprehensive safety tests, including bottom impact, water immersion, vibration, external fire exposure, crushing, and thermal runaway scenarios.

Cage-type Body Structure

Engineered with a high-strength safety frame, featuring 70% high-strength steel to enhance rigidity and impact resistance. Meets C-NCAP five-star crash safety standards.

Rapid Emergency Response

In critical situations, the system automatically cuts off high-voltage power within 30 milliseconds to protect occupants and the vehicle.

Comprehensive Battery Protection

The battery system features IP68-rated protection, an explosion-resistant design, and an active early-warning mechanism, ensuring reliable performance under extreme conditions with minimal risk of fire or explosion.

TECHNOLOGY

Beyond Intelligence

Electric and Sensor-Activated Tailgate

Remote Control Key

Advanced Driver Assistance System (ADAS)

Wireless Phone Charging

Wireless Carplay + Android Auto

Dual Motor System (P1 + P3)

- P1 Motor: Supports engine start, power generation, and auxiliary driving.
- P3 Motor: Provides 150 kW power and 300 Nm torque, serving as the main driving force and enabling energy regeneration.
- Powertrain Integration: P1 and P3 motors work with the engine in a parallel hybrid architecture, improving both efficiency and performance.

INTERIOR

Beyond Luxury

12.3-inch Instrument Cluster & 12.3-inch Multi-media Touch Screen

Panoramic Sunroof

Front Integrated 3D Racing Seats

Large Storage Capacity

Knob-type Electronic Gear Shifter
